

## Are You RAWesome?!

Then you may be the right person to join Raw Art Works' Development team!

This is a RARE opportunity to join our nationally-acclaimed organization here in Lynn, just a 20-minute reverse commute from Boston. This is an incredibly dynamic nonprofit, one that the National Endowment of the Arts has considered one of the "top ten youth arts programs in the nation." We are heading toward our 25<sup>th</sup> year of helping thousands of young people to ignite their desire to create and their confidence to succeed.

Inspiring encounters happen for our kids every day. We are looking for individuals who can connect with our young artists and convey their stories in meaningful ways. We are seeking professionals with passion and purpose who will ignite the desire to give and the confidence in RAW for both our long-time supporters and those who have yet to discover us.

RAW offers competitive salaries and benefits, and offers opportunities for advancement. If you are interested in either the *Foundations Relations and Grants Manager* OR the *Director of Individual and Family Philanthropy* positions please follow the link below to the job descriptions. As well, if you know someone who may be our next RAW staff member, PLEASE forward along and circulate amongst your networks!
