

## Earn \$50 for 1 Hour Research Participants Needed for Driving Simulation Study

- The USDOT Volpe Center is looking for **18- and 19-year-olds who do not yet have a driver's license** to participate in a driving simulator study.
- Participation in the study provides a **\$50 amazon gift card** for a 1 hour session.
- The Volpe Center is using the driving simulator to evaluate the effectiveness of a novice driver training program being delivered on a smartphone.
- The training program has already been shown by the National Highway Traffic Safety Administration to **reduce crashes among 18-year-old males the year after training by 32%**
- Links to the full novice driver training program will be provided to any participants. The program is free and can be run on a desktop or laptop.

**Novice Drivers Needed! Help Make a Difference!**

**18- and 19-year-olds only please**

**The Volpe Center is located right next to the Kendall  
Square Red Line T stop**
